Risk Rating Calculator

(Likelihood x Consequence = Risk)

| | Likelihood that hazardous event will occur | Consequence of hazardous event | | | | |
|---|--------------------------------------------|--------------------------------|-----------------------------------------------|--|--|--|
| 1 | Very unlikely | 1 | Insignificant (no injury) | | | |
| 2 | Unlikely | 2 | Minor (minor injury requiring first aid only) | | | |
| 3 | Fairly likely | 3 | Moderate (Up to three days absence) | | | |
| 4 | Likely | 4 | Major (More than seven days absence) | | | |
| 5 | Very likely | 5 | Catastrophic (Permanent injury or death) | | | |

Action Level Table

| Risk Rating | Risk Level | Actions to be to | aken |
|-------------|----------------|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 20 – 25 | Very High Risk | STOP! | Stop the activity and take immediate action to reduce the risk, a detailed plan should be developed and implemented before work commences or continues. Senior management should monitor the plan. |
| 15 – 16 | High Risk | Urgent Action! | Take immediate action and stop the activity if necessary, maintain existing controls rigorously. The continued effectiveness of control measures should be monitored periodically. |
| 8 – 12 | Moderate Risk | Action | Moderate risks may be tolerated for short periods only while further control measures to reduce the risk are being planned and implemented. Improvements should be made within specified timescales. |
| 3-6 | Low Risk | Monitor | Look to improve at the next review or if there is a significant change. Monitor the situation periodically to determine if new control measures are required. |
| 1-2 | Very Low Risk | No Action | No further action is usually required, but ensure that existing controls are maintained and reviewed regularly. |

The above RA is based on guidelines and advice from Manufacturers and 'The Fun Experts' operating equipment within current HSE requirements and should be read in conjunction with 'The Fun Experts' Method Statement. The current Public Liability Insurance covers each item, for an amount of £10 million subject to our Terms and Conditions. If there are any questions relating to the use of the equipment please contact 'The Fun Experts'.
